

# PHOTOSHOP CS5

## Course Outline

**Teacher:** Miles Derksen  
**Teacher email:** [youlearn.miles@gmail.com](mailto:youlearn.miles@gmail.com)

Welcome to Computer Graphics 12 using Photoshop CS5. This course must be completed at one of the Learning Centres **unless** you have access to the course Resource materials and a copy of Photoshop CS5. Note that as a student, you are entitled to an incredible discount if you decide to purchase Photoshop CS5. The course will be delivered using an online computer management system called MOODLE. The website address to access MOODLE is

[www.youlearn.ca/moodle/](http://www.youlearn.ca/moodle/)

Please contact your instructor for a Username and Password once you have completed the activation assignment.

## Activation Assignment

---

As part of the new provincial government funding formulas for our centres, students **must complete** an **activation assignment** before they are formally enrolled into the course. The activation assignment demonstrates that the student is serious about their studies. Therefore, it is essential that you complete the activation assignment which is available on the school website. If you have any questions about this assignment, please don't hesitate to arrange to meet with your instructor. The link for the activation assignment is as follows:

<http://www.youlearn.ca/milesderksen.html>

## Topics (There are 10 topics as follows)

---

1. Editing a Photo – Introduction to Photoshop
2. Using Selection Tools and Shortcut Keys
3. Working with Layers

4. Drawing & Painting with Color
5. Enhancing and Repairing Photos
6. Applying Filters and Patterns
7. Creating Color Channels and Actions
8. Working with Vector Graphics
9. Creating Web Pages and Animations
10. Portfolio

## Resources

---

The text book that we are using in the course is, “Adobe Photoshop CS5” – Shelly Cashman Series. Comprehensive Version. You can purchase it through Amazon.ca if you desire to (it is quite expensive). Alternately, you can use the resource books at YouLearn.ca

## Evaluation:

---

All projects and assignments will be submitted ONLINE through MOODLE. Your final portfolio can be a physical copy (printed projects in a portfolio or binder) or it can be virtual as outlined in the last course topic.

## Assessment

---

This is how the course will be graded:

- |   |     |
|---|-----|
| 1. Chapter Projects                                 | 20% |
| 2. Chapter Assignments                              | 50% |
| 3. Portfolio  | 10% |
| 4. Final Practical Exam or Observational Assessment | 20% |

There are no formal classes for this course. Students are provided with the material and are expected to work through them at their own pace asking for help when they need it. Although there is no formal timeline for this course, completion of approximately on topic per week would be a reasonable guideline - some projects may take more or less time. The course will take the average student about 80 hours.

## Integrated Resource Package

---

To view the IRP's (Integrated Resource Packages) published by the Ministry of Education for Business Information Management, please using the following website links:

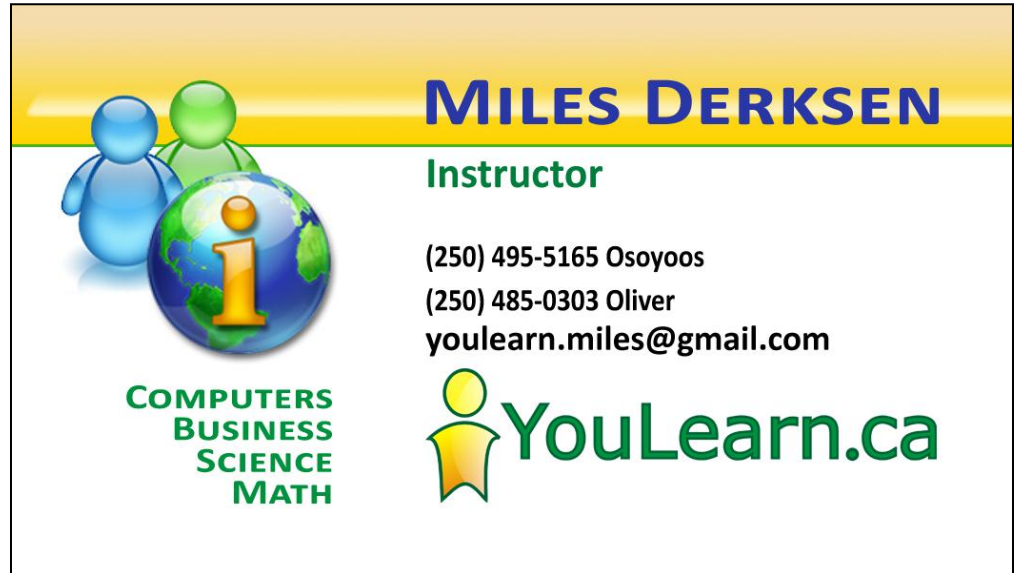

NOTE: This is a locally developed course within the school district.
